Dear Kayzed,

This letter is with regards to the recent completion of our certification process for ISO 9001:2008 Management Systems

I would like to take this opportunity to offer my sincere thanks on behalf of all at MANATEQ to Kayzed for the work done in supporting the company through the consultancy and development period leading towards the successful certification.

The staff and management within Manateq have found Kayzed to be an extremely efficient and focused service supplier in their activity from our initial contact through the quotation till the certification preparation process.

I trust that we may have the opportunity to work together again at some point in the future and would have no hesitation in recommending Kayzed to other companies looking to achieve a dedicated level of support within the ISO 9001:2008 environment.

Best Regards,

manateq
